**Summer Challenge**

London – People and places in London

**PDI Challenge 1**

Edgelands - Inspired by a recent RPS London Region Project. These are landscapes which are often located at the periphery of more densely populated areas, wedged between the urban development and the countryside. They are frontier land, an interface and form transition zones and boundaries.

**PDI Challenge 2**

Sporting Themes – Go out and capture sporty photos. It can be the amateur sports, animals playing sports, cycling, motorsports and action shots, or even

sports related items such as supporters, officials or post-match events.

**Flamingos and Mount Kilimanjaro by David Barnes**

**Winner Colour Print of the year 2023**

**PDI Challenge 3**

Street photography - is a bit like wildlife photography, except it's people that you are capturing, in their natural habitat. Unlike posed models in studios, or snapshots of friends and family, street photography is usually candid, raw, gritty, and observational.
