“One Day” – A panel of images from one day. This could be a series of landscape images from sunrise to sunset, a sports match capturing happenings before, during and after event or experiences from a particular street scene on a particular day.

Winner Colour Print of the year 2024

PDI Challenge 2

Choose a colour – Like a magician does with cards, pick a colour, any colour and make that the hero of your image, the protagonist of your story. We're not talking about monochromatic images alone, but a choice of colour that stands out and makes the image revolve around that particular colour.
